VeeLa

GCC

Monoprotein functional nutrition built for modern export markets

Freeze-dried cat nutrition from Thailand with clear SKU logic, disciplined claim language, and distributor-ready positioning.

PRODUCT RANGE

Freeze-dried functional nutrition — built for clarity.

One protein. One function. One easier product story.

FD-01
Tuna + Omega Boost

FD-02
Chicken + Digestive Care

FD-05
Chicken Topper + Probiotic

WHY VEELA

Veela is a functional pet nutrition brand built around monoprotein formulas and clear product purpose.

- Monoprotein structure that makes each SKU easier to understand and easier to position
- One functional support story per SKU using disciplined, compliant claim language
- Freeze-dried format that supports treats, toppers, and flexible daily use
- Thailand-based export pathway aligned with multi-market execution
- Halal-capable manufacturing pathway included in GCC planning

Veela is designed to reduce product confusion and support cleaner distributor sell-in.

- Label and claims adaptation managed by market requirements

MARKET RELEVANCE

GCC version

Built with halal relevance, disciplined product communication, and localization readiness to support GCC distributor conversations.

Veela uses disciplined claim language — Supports [function] — and avoids disease-treatment or prevention claims.

GO-TO-MARKET SUPPORT

- Distributor-facing brand deck
- Product + compliance follow-up materials
- Launch content support
- Product education copy
- Localized asset workflow by market
- Sell-in and staff education support
